### Procedure for determining placement in championship superplayoff bracket:

- If the first-place team has a lead of two or more games over second place, they will be declared champions without a final.
- If the first-place team has a lead of exactly one game, they will have the advantage in a two-game final. The leading team must win once; the trailing team must win both games. If there is a tie for second, there will be a tiebreaker to determine the second team in the final.
- If the top two teams are tied, there will be a one-game final. If more than two teams are tied for first, they will be seeded into a single-elimination bracket.
- Teams that are tied in the standings that are not in contention will play tiebreaker games to determine their final rank. In the case of a two-way tie, a full game will be used. In the case of a larger tie, a series of minimatches will be used. Any team which declines to play a tiebreaker game will be considered to forfeit the tiebreaker and be ranked below teams that wish to play.
- **All tiebreaker games will be played *after lunch* on Sunday**

## Procedure for determining Small School/JV Champions

- Any SS/JV team that finishes alone in the following three brackets (Championship superplayoffs; 9-16 Superplayoffs; 17-28 Crossover bracket) will automatically be awarded the SS/JV title.
- If multiple teams with SS/JV status reach the top 28, the team's final standings will be used to determine SS/JV standings (e.g. if SS School 1 finishes the tournament as the 8th place team and SS School 2 as 11th place team, then SS School 1 is the top Small School at NSC)
- If no SS/JV team teams finish in the top 28, then a final will be held for first place **if the second-highest team is within *eight* places of the highest team** after Round 15.
- **After Round 15**, SS/JV teams that finish outside of the top 28 should send one team representative to **Sky Harbor A** to confirm whether they need to compete in SS/JV finals.
